

Complex Thoracoabdominal Endovascular Aortic Repair **October 27th-28th 2025**

Collaborator: LMU Department of Vascular Surgery, Munich, Germany

Detailed Programme : –

Day 1

Hours	Detail
09:30 - 09:45	Registration
09:45 - 10:15	Introductions Faculty and Participants
10:15 - 10:30	Lecture 1 (Stana) Anatomy Classification natural history of complex BAA and TAAAs
10:30 - 10:45	Lecture 2 (Abicht) Preoperative Anesthetic considerations & spinal cord ischemia prevention
10:45 – 11:00	Lecture 3 (Pratesi) Treatment strategies for complex thoracoabdominal endovascular repair: CMD, short neck EVAR, endostaples, ChEVAR, OTS-bEVAR, PMEG
11:00 - 11:15	Lecture 4 (Stana) Overview available TAAA Devices: OTS CMD PMEG
11:15 – 11:30	Lecture 5 (Tsilimparis) Staging When and How and access for complex repair
11:30 – 12:00	Coffee Break
12:00-13:30	Choosing the right device: Equipment Details
12:00-12:10	Lecture 6 (Stana) Design and characteristics of CMDs: Device 1
12:10-12:20	Lecture 7 (Stana) Design and characteristics of CMDs: Device 2
12:20-12:30	Lecture 8 (Stana) Design and characteristics of CMDs: Device 3
12:30-12:50	Lecture 9 (Pratesi) Design and characteristics of the off the shelf Devices
12:50-13:10	Lecture 10 (Pratesi) Feasibility of different off the shelf devices for TAAAs
13:10-13:30	Lecture 11 (Tsilimparis) How to choose the right endograft: CMD vs Off the shelf
13:30 - 14:30	Lunch Break
14:30-14:50	Lecture 12 (Tsilimparis) Technical considerations when performing a CMD-FEVAR: Bridging stent selection, vascular access, tips and tricks
14:50-15:10	Lecture 13 (Pratesi) Technical considerations when performing a BEVAR: Bridging stent selection, vascular access, tips and tricks
15:10 – 15:30	Lecture 14 (Stana) PMEG Technique Overview of the LMU SOP in PMEG
15:50 – 16:00	Coffee break 2
16:00-18:00	Case Planning on a dedicated 3D workstation
16:00-16:15	Lecture 15 (Stana) Introduction to Dedicated Software
16:15-18:00	Practice Case planning with Tutors (Pratesi, Stana and Tsilimparis)
19:00	Networking dinner

Day 2

Hours	Detail
08:30 – 09:45	Lecture 18 (Stana) Introduction to the Live Cases of the Day
09:45 – 15:00	Two Live Cases in Operating Theatres by Tutors (Stana and Tsilimparis with in-theatre and backroom teaching)
15:30-16:00	Lecture 19 (Stana) Follow up recommendations and complication Management
16:00 – 17:00	Structured Discussion time and Learnings from completed Live Cases with Tutors
